

What the slides left out

Source: sample_source.pdf (3 pages). Slides: sample_slides.pptx (2 slides).

6

points to review

3

dropped

3

condensed

Dropped means the point is not on the slides. Condensed means it is on the slides, but shorter or vaguer.

From the text check

Page numbers and quotes are taken from the source PDF.

Isolation among remote employees

PDF page 2

DROPPED no mention of the 41% of remote employees feeling isolated from colleagues

Not on any slide

Original wording

However, 41% of remote employees reported feeling isolated from colleagues, and promotion rates for fully remote staff were 8% lower than for office staff.

Lower promotion rates for remote staff

PDF page 2

DROPPED no mention that fully remote staff had 8% lower promotion rates than office staff

Not on any slide

Original wording

However, 41% of remote employees reported feeling isolated from colleagues, and promotion rates for fully remote staff were 8% lower than for office staff.

Attrition by work model breakdown/Figure 1

PDF page 3

DROPPED no mention of the direct office vs. remote attrition comparison or the accompanying figure

Not on any slide

Original wording

Attrition by work model (see Figure 1) Office: 22% Remote: 14% Figure 1: Annual attrition rate by work model

Specific productivity increase figure and cause

PDF page 2

CONDENSED the 13% figure and the driver (fewer interruptions) are omitted, leaving only a vague statement

Now on slide 2

Original wording

Findings Productivity rose 13% among remote staff, driven mostly by fewer interruptions.

Specific attrition figures

PDF page 2

CONDENSED the exact attrition rates (22% to 14%) are dropped, leaving only a general "improved" statement

Now on slide 2

Original wording

Retention improved: attrition fell from 22% to 14% after remote options were introduced.

From the figure check

Less precise. A model reads the page as an image, so page and wording may be slightly off.

Figure 1: Annual attrition rate by work model

PDF page 3

CONDENSED Slide 2 mentions 'Retention improved' but omits the chart itself and the specific percentages.

Now on slide 2

What the figure shows

A bar chart comparing the annual attrition rate between Office staff at 22% and Remote staff at 14%.

PDF page numbers count from the first page of the file, so they can differ from numbers printed on the pages.
